-MOST RECENT INSURANCE AND PRESCRIPTION CARDS, referral from primary care physician when necessary

-PREFERRED PHARMACY INFORMATION. Name, address, and phone number.

VISITORS: Illinois Cancer Specialists welcomes your friends or loved ones to visit during your treatment. Together, we share a common desire to create a safe and comfortable environment for your treatment or office visit. For the safety of our patients and staff, Illinois Cancer Specialists asks that you limit visitors to 1-2 people and do not allow children in the lab or treatment areas. Children must remain in the main lobby area and accompanied by a parent or guardian at all times. Thank you for your cooperation.

You will find answers to many questions you may have in the "General Information" handout; however, should you have questions which are not addressed, feel free to call our office or ask any staff member during your visit.

Sincerely,
Illinois Cancer Specialists

GENERAL INFORMATION

THE INFORMATION TO THE RIGHT WILL ACQUAINT YOU WITH OUR SERVICES AND OFFICE PROCEDURES. OUR GOAL IS TO PROVIDE YOU WITH USEFUL INFORMATION THAT WILL HELP YOU UTILIZE OUR CENTER.

OUR PHYSICIANS ARE ON-CALL FOR EMERGENCIES AFTER HOURS AND DURING THE WEEKEND. CALL THE OFFICE NUMBER TO BE CONNECTED WITH THE PHYSICIAN ON CALL.

YOUR FIRST APPOINTMENT

Please help us by arriving at your appointment at the time requested by our staff. In addition

to the completed forms in your welcome packet, please bring the following items with you to your appointment:

1. List of your questions or concerns
2. Your current medications (including over-the-counter and herbal medications) - please bring either a list or the actual bottles
3. Current insurance and prescription cards
4. Your preferred pharmacy information: name, address, and phone number

NURSE/PHYSICIAN

All calls to our nurses are routed through the Triage Nurse. Please leave a detailed message with your full name (including the spelling of your last name), date of birth, reason for calling, and a number where you can be reached. Every effort will be made to return your call as soon as possible, and our goal is to return your call the same day. If it is important that your call be returned within a certain amount of time (example; need a call back within 2 hours) you must make that clear in your message.

IF YOUR SITUATION REQUIRES IMMEDIATE ATTENTION, DO NOT CALL THE OFFICE; DIAL 911.

PRESCRIPTION REFILLS

Refills of prescription drugs can only be filled during regular business hours. This restriction is for your protection: we must be able to have access to your most up-to-date and complete medical records to ensure you receive appropriate medications and approvals from your physician.

SCHEDULING AND APPOINTMENTS

If you are calling to schedule an appointment and do not reach us, please leave a detailed message including the following information:

1. Full name (including spelling of last name)
2. Date of birth for the patient
3. Phone number where you can be reached

Please call the office and speak with the nurse before coming in for an unscheduled visit. We will always accommodate emergencies when they occur. For this reason it is very important to always schedule your visits so that time can be set aside for your care.

If you cannot keep a scheduled appointment please let us know as soon as possible so that we can release that time for another patient.

Please pay close attention to your appointment time and help us by arriving at the time designated on your appointment card. Please understand that in order to be respectful of those patients who do arrive at their scheduled times, late arrivals will be worked into the schedule as it allows. Additionally, those who arrive more than 30 minutes before their appointment will be asked to wait.

INSURANCE AND BILLING

You will be asked to provide us with your insurance coverage information at your first visit and every visit thereafter. A day or two prior to your first appointment with our office, a registration clerk will contact you to obtain and verify your insurance information.

It is a requirement of your health insurance that co-payments be collected at each visit.

We participate with most major insurance carriers. As a courtesy, claims will be filed for you. In order to ensure reimbursement, your insurance information must be kept current. Please remember that your insurance policy is a contract between you and your insurance company and we are not a party to the contract. For your convenience we accept Visa, MasterCard, Discover, and American Express.

If there is a patient responsibility due, you will receive monthly statements showing you an itemization of charges and payments made by you or your insurance company. You will be introduced to one of our Patient Financial Counselors who will assist you with your financial health.

If you have questions regarding your billing, do not hesitate to contact our billing office at (847) 585-7000.

OUR TEAM

OUR CANCER CARE TEAM IS MADE UP OF BOARD-CERTIFIED ONCOLOGISTS AND OTHER ONCOLOGY-TRAINED CLINICAL PROFESSIONALS WHO UNDERSTAND THE SPECIAL NEEDS OF CANCER PATIENTS AND THEIR FAMILIES.

With many years of experience caring for cancer patients, our physicians, nurses, pharmacists, counselors and other specialists work together to provide world-class, personalized cancer care.

MEDICAL ONCOLOGY & HEMATOLOGY

Our medical oncology team plays a major role in cancer care by managing treatment plans and therapies, monitoring and evaluating progress, and collaborating on best options with other caregivers. We consult with patients on their choices and any temporary side effects they may experience during chemotherapy treatments, as well as offer medical guidance to help patients make decisions along the way.

Our hematology team has extensive experience providing high quality patient care, research, and leading-edge treatment of blood and bone marrow disorders; for both cancer and non-cancer patients.

These ICS physicians are trained in the specialties of both medical oncology and hematology.
