## **PHARMACY SERVICES**

### ***Prescription Processing and Billing:***

We work closely with your provider to ensure your prescription gets filled in a timely manner.

Your provider will send an electronic prescription to our physician-owned pharmacy. Our dedicated and experienced Patient Benefits Representative will review your insurance coverage and help determine possible eligibility for prior authorization, copay cards, grants, and/or any financial assistance.

Once that is completed your prescription will be processed through your insurance and filled by our experienced pharmacist. You will be responsible for co-payments if any. Payment is expected at the time of service.

In the event our pharmacy cannot fill your medication, we will assist in transferring the prescription to another pharmacy to ensure the continuity of your care.

Filling your prescription with ICS pharmacy is optional. Please let us know if you would like to use another specialty pharmacy, and we will assist you with the transfer of your prescription.

### ***Medication Counseling:***

Once the prescription is ready, our pharmacy will contact you regarding medication counseling and help coordinate delivery of your prescription to either your clinic or directly to your home. You may also choose to pick it up in person from our pharmacy.

Our pharmacist will provide counseling on how to properly take the medication, side effect management, medication storage, handling and reporting adverse drug reactions, proper disposal of medication, and any other relevant information regarding the medication. They will answer any other questions you may have regarding your medication therapy.

***Refills:***

Please call the pharmacy to obtain a refill or to check the status of your prescription. Please contact us at least five days before you run out of your medication supply to prevent unnecessary delays in filling your prescription.

We will make every effort to call you ahead of time to refill your prescription to set up a delivery.

***Disposal of Medication:***

Please follow any specific disposal instructions on the drug label or patient information that accompanies the medication if you have a medication that is no longer needed. Please reach out to us if you need the instructions on proper disposal of your medications.

***Prescription Delivery:***

ICS pharmacy offers delivery service for your medication. We ship Monday through Friday for free of charge via FedEx. Signature confirmation will be required upon receipt of your medication. We do not ship to a PO Box.

If your medication(s) require special handling or refrigeration, they will be packed and shipped accordingly. We make every effort to deliver your medication early if a weather or other disaster warning is in place.

Please give us your secondary contact information to ensure we can reach you in case of an emergency or any delivery delay.

***Interpreter Services:***

An interpreter service is available if you are deaf, hearing impaired, or if English is not your primary language.

There are special services available if you are visually impaired.

***Disaster Preparedness:***

Our team members are on standby and ready to assist in emergency situations to ensure you have your medication in the event of a natural disaster or other emergency. Our pharmacy will make every effort to minimize interruptions or delays in your prescription therapy. Feel free to call our pharmacy line and let our team know how you are and where we can reach you during the emergency for any prescription needs.
